WHO IS A CLASS MEMBER?

In the lawsuit *Linman v. Marten Transport, Ltd.*, Case No. 3:22-cv-00204 (W.D. Wis.), you are a class member if your personal information was potentially compromised as a result of the Data Incident that Marten Transport, Ltd. ("Marten") experienced in September-October 2021 (the "Class").

WHAT ARE THE SETTLEMENT BENEFITS AND TERMS?

Under the Settlement, Marten has agreed to pay \$520,000 into a Settlement Fund that will be distributed to Class Members who submit valid Claims, after deducting Class Counsel's attorneys' fees and expenses, service award, and settlement administration notice and administration costs, if such awards are approved by the Court. All Class Members may submit Claims to receive cash payments. Class Members who believe they suffered out-of-pocket expenses as a result of the Data Incident may claim up to \$5,000 (subject to *pro rata* adjustment) for the reimbursement of sufficiently documented expenses. Class Members who spent time reviewing their personal information as a result of the Data Incident may claim up to \$125. An estimated \$50 *pro rata* cash payment may be made to claimants if there is a remaining balance in the Settlement Fund after payments for valid Claims, settlement administration costs and expenses, service award, and attorneys' fees and expenses. These cash payment amounts may not be \$50, as they will be adjusted upwards or downwards depending on the amount of valid Claims. Class Members will have the choice to receive settlement fund distribution either electronically (PayPal, Zelle, Venmo, or ACH) or via a physical check. The distribution of funds will occur after the Court's final approval of the settlement.

More information about the types of Claims and how to file them is available at www.MartenDataSettlement.com ("Settlement Website").
